

**PRESS RELEASE: 30 April 2019**

**GOLDLINE EVENTS ON TRACK FOR ITS MOST ENVIRONMENTALLY FRIENDLY RACE EVER**  
***100% recycled plastic Lucozade Sport bottles on offer for every runner***

Today it has been announced that the 2019 Ikano Bank Robin Hood Marathon Events weekend will provide Lucozade Sport to all of its runners on the course in 100% recycled 380ml PET bottles.

Over 13,000 runners, young and old, will take to the streets of Nottingham for the weekend's events, 28<sup>th</sup> and 29<sup>th</sup> September. Victoria Embankment will be lit up on the Saturday with a rainbow of runners, young and old, for the Mile Challenge. Sunday will see first timers, charity fundraisers and Britain's elite lace up for the half marathon, mini marathon and Corporate Challenge.

With two Lucozade stations provided on-course, organiser, Judith Manson, Race Director and founder of Goldline Events says: "This is a big step forward in our commitment to reducing the environmental impact of our races. We are incredibly proud, not only to partner with Lucozade, but that they will be making all of their on course bottles for this year's event from 100% recycled PET bottles to all of our runners in September. This is just one of many steps we and Lucozade are taking to make this our most environmentally friendly race ever."

Entries are open for the September race weekend. To grab your spot at the start line, find out more at [www.robinhoodhalfmarathon.co.uk](http://www.robinhoodhalfmarathon.co.uk)
